in Klausenburg / Cluj - Napoca
Rumänien

The Romanian Society was founded in 1993 and registered in Bukarest as an NGO and is known under the name Societate de Caritate „Jonas”.

The Jonas house which we were able to buy through generous donations is a meeting place for those who have worries or problems.

The society has 30 members, in each family there is a disabled son or daughter.

The new Jonashouse in Floresti:

These youngsters are eagerly awaiting their first riding lesson.

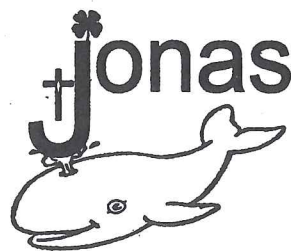

The members belong to different churches and their Christian belief is the foundation of their social work. Help is given to sick, very poor and handicapped people; the aim is to enable them to become more independent.

All members of the Jonas Society work voluntarily. They visit the sick in hospital, give help with filling out forms and advise families who have a handicapped child.

In 1994 the German “Jonas Society” was founded. These members support the Romanian Society with aid of all kinds.

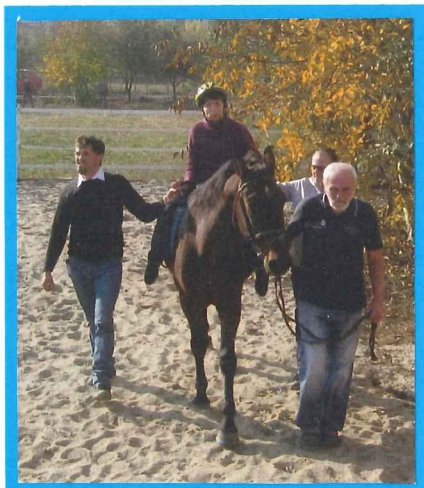

These youngsters are eagerly awaiting their first riding lesson.

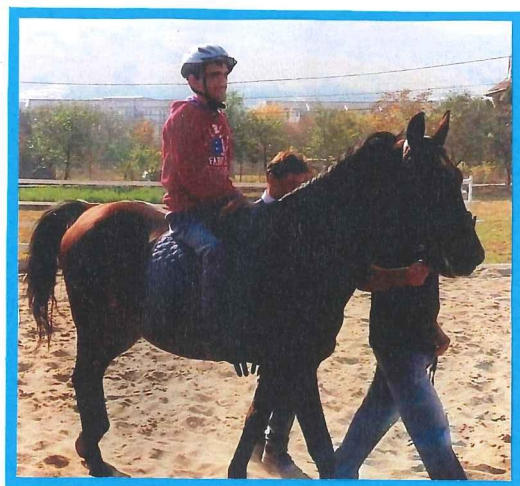

For those who are in a wheelchair a ramp was built so that the youngsters can easily climb on to the horse's back.

In the autumn of 2018 a small group of people from Bremen came to visit the Romanian members to see how the annex behind the house, which they had helped to build, was being used. It happened to be the day of the youngsters' riding lesson. The stable-master Alexandru guided the horse.

The youngsters practice balancing on the horse's back.

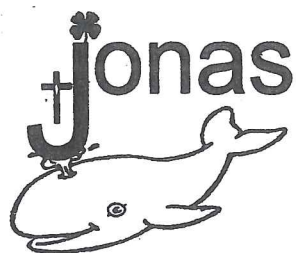

After the 20 minutes horse-ride each youngster is massaged by a physiotherapist.

Plans for the future:

In addition to the annex we hope to build living quarters for six disabled young adults.
